Toppr is actively hiring for the role of Product Associate (Experience : 0-2 years, Freshers/2021
graduates can also apply)
Expectations for the role:
Recent B.Tech/B.E. graduates who have demonstrated significant achievements as students. We
know there can be many different indicators for leadership, bias for action, maturity and
technical skills. We encourage candidates to mention their achievements and the impact of their
projects in their resumes. Product Associates lead the product efforts in a pod. They conduct user
research and analyze data to generate insights and suggestions to improve product metrics. They

Khalsa College of Engineering & Technology
Ranjit Avenue, C-Block, Amritsar-143001
0183-5030765

manage internal and external stakeholders on a daily basis. Product Associates are given responsibilities equal to that of Product Managers while being supported by a senior leader. As a Product Associate, you become skilled to lead teams from the front and to build great software products.
